RANCHERO BULK CABLE AND INTERNET SURVEY

The CO OP Board has established a committee to look into purchasing a bulk cable and internet package from Spectrum for the entire Ranchero community. The committee will work with the CO OP attorney's and Spectrum to determine the contract terms and costs associated with this proposal.

Please complete this survey to assist the CO OP Board and committee in determining the interest in a bulk internet and cable package. If approved by the Board the monthly cost will be included in the monthly maintenance fee.

NAME «NAME»

LOT # «LOT»

Please check the appropriate box and return this survey to the Ranchero Management Office.

The bulk cable package would include the 125 channel select package and 100/10 mbps of internet service.

NOTE: Additional channels, cable boxes, phone and other add on services would be contracted directly by each resident with Spectrum.

Yes

I would like Ranchero to purchase bulk cable and internet for the entire park if the total monthly cost is less than \$50 per month (year round, no seasonable stop available). **The cost would be included in the monthly maintenance/lot fee.**

No

I do not want the park to purchase bulk cable or Internet.

COMMENTS:

The CO OP board will review the information gathered by the committee in August/September and determine whether to purchase bulk cable and internet with a **tentative start date of Jan 1, 2019.**
